Store More Energy With Powerwall 3

Powerwall 3 gives you reliable backup protection for your home and greater energy independence when paired with solar.

Whole Home Backup
Keep all your lights and appliances running during a power outage

Maximise Savings
Save up to 77% on electricity bills when paired with solar and connected to a virtual power plant*

Durable Design
Install indoors or outdoors. Suitable for a variety of climates and continues working even when submerged in 60 cm of water

Scalable Storage
One Powerwall 3 delivers 13.5 kWh of energy. Add Expansion units to increase energy storage up to 54 kWh

Powerwall
Certified Installer

*Estimates are based on the average Powerwall customer with solar panels and one Powerwall on a Time of Use electricity plan connected to a virtual power plant. Actual savings depend on location and specific energy demands per household. Learn more about how Powerwall's features can be used to unlock further savings.

Enough Energy to Meet Your Needs

Powerwall 3 Expansion units give you access to more backup power during an outage or when going off grid. Each Expansion unit adds 13.5 kWh of storage to your system and connects directly to Powerwall 3 with no additional inverter required. Add up to three Expansion units per Powerwall 3.

Configuration	Total Storage	Customer Need
Powerwall 3	13.5 kWh	Small homes with lower energy needs. Power the basics like a coffee machine, TV, dishwasher, washing machine and A/C.
Powerwall 3 + 1 Expansion Unit	27 kWh	Medium homes with growing energy needs. Powers the basics with capacity for higher energy appliances and electric vehicle charging.
Powerwall 3 + 2 Expansion Units	40.5 kWh	Large homes or high-energy lifestyles. Supports daily usage plus pool heating and pumps, with extra capacity to charge two electric vehicles.
Powerwall 3 + 3 Expansion Units	54 kWh	Extra-large homes or energy-intensive lifestyle. Supports the basics as well as extras like a home office, energy intensive activities and daily electric vehicle charging.

Available Incentives

With the Cheaper Home Batteries Program, you can receive a one-time 30% rebate on your Powerwall 3 home battery installation. Add an Expansion unit and get two Powerwall units for the price of one.
