TECHNICAL SOLUTIONS TEAM UPDATE

Sungrow AC22E

Now compatible with iHomeManager + EnergyBridge

The Sungrow AC22E can now be used with iHomeManager alongside EnergyBridge.

1. **Install upstream** — Install iHomeManager upstream of EnergyBridge (grid side).
2. **Connect via RS485** — Connect iHomeManager to the inverter via RS485 (A1/B1).
3. **Update firmware** — Ensure firmware is updated on all devices.
